# CIMIF 2026

## Cambodia's Machinery Industry: A Market on the Rise

Cambodia's rapid industrialization is driving strong demand for advanced machinery and equipment across diverse sectors including manufacturing, construction, packaging, plastics, food processing, and logistics. With GDP growth projected above 6% annually, and foreign direct investment continuing to flow into the country, Cambodia is emerging as a strategic hub within ASEAN. Industrial upgrading, supported by government initiatives such as import tariff reductions on machinery, is creating vast opportunities for international suppliers to enter and expand in this promising market.

## Why CIMIF?

As the largest and most specialized machinery exhibition in Cambodia, CIMIF provides exhibitors with a powerful platform to connect directly with decision-makers, manufacturers, and investors seeking solutions to modernize their operations. With Cambodia's industrial diversification into plastics, rubber, packaging, and printing, electronics, automotive parts, and food processing, alongside the expansion of Special Economic Zones (SEZs) and trade frameworks like RCEP, CIMIF offers an unmatched gateway to capture growth in one of Southeast Asia's most dynamic, future-ready markets.

## 2025 Highlight

**200+**  
Global Brands

**8,350**  
Trade Buyers

**15** Countries  
& Regions  
Represented

**6,000**  
Gross Space

## Visitor Analytics

**39%** Manufacturing

**20%** Trader / Distributor

**17%** Importer / Wholesalers

**18%** Owner / President

**13%** First-Line Management

**11%** TOP Management

**48%** Searching for digital transformation solutions

**27%** Explore new product opportunity

**18%** Procurement

**15%** Evaluating participation as an exhibitor

# Exhibition Profile

## Auto Parts & Accessories

- Automotive Parts
- Automotive Accessories
- Automotive Electronics Devices
- Management & IT Systems and Other Systems
- Oil & Gas Products
- Tools/Dies & Machine
- Vehicle Care, Repair and Maintenance

## Plastics, Rubber, Printing & Packaging

- Packaging Machines
- Raw materials
- Printing Machine and Materials
- Printing Pre-Press Systems and Software
- Paper Converting

## Hardware & Tools

- Hardware Tools
- Fasteners
- Chemicals
- Building Materials
- Bathroom and Related Products

View All Exhibits

## Machine Tool & Automation

- Metal Cutting Machine Tools
- Metal Forming Machines
- Parts and Components
- Production and Process Automation
- Electrical Systems
- Robotics

## Electrical, Electronic, Electric Power Equipment and Lighting Technology

- Energy
- Electricity
- Lighting & Electricals
- Solar, Wind & Hydropower Technologies
- LEDs & Optoelectronics

## Agricultural Techniques & Equipment

- Agricultural Machinery
- Farm Machinery & Equipment
- Fertilizers / Bio-manure Mfrs. / Exporters / Traders
- Agro Chemicals / Pesticides / Insecticides Mfrs
- Water Treatment Chemicals Water Management & Systems

## Who Will Visit?

- Automotive
- Machine Tools
- Technology Providers
- Government Officials
- Marketing & Brand Managers
- Researchers and Scientists
- Contractors
- Designers
- Consultants
- Plastics, Printing & Packaging Service Providers
- Building
- Power Companies
- Large Industrial Companies
- Distributors and Retailers
- Engineering Companies
- Trading Companies
- Farmers, Livestock Farmers, Agricultural Businessmen
- Dairy and Processed Foods
- Electronic
