Preface

MYANMARWOOD

FDI and New Companies Law

The new Companies Law, approved in last December and set to be implemented by August 2018, will allow overseas investors to hold up to 35% of shares in a domestic firm, while the company will still be designated as a local operator. Analytics believe that the improved investment climate will encourage stronger FDI inflows in 2018, and help foster the investment into more sectors of local economy.

The Only Woodworking Show in Myanmar

MyanmarWood 2018 is officially endorsed by Myanmar Forest Products Merchants Federation as Supporter in order to integrate the industrial resources on to the show ground. Within the Myanmar's natural forest resources and perfect location beside the biggest furniture demand market – China. It's the perfect moment for the Professions to visit MyanmarWood for catching the vital investment chance.

MYANMAR MACHTOOL

Manufacturing is attended on vital driver in Myanmar's industrial upgrading

Currently, some of labor intensive industries have projected to relocate the plants to Myanmar. The country's labor market flexibility and low wage are a significant asset to growing its manufacturing base. As the statistics published by DICA(1), a total of 4.784 billion U.S. dollars' FDI flew into Myanmar so far in present FY 2017-2018.

The premier platform for high-value manufacturing

As a leading manufacturing exhibition in Myanmar, the exhibition area is projected to expand larger than the past few editions. The show offers the innovative industrial knowledge and advanced technology, according as the currency required machines & equipment in display.

By Car

From Yangon Airport: 20 minutes

By Taxi

Taxi fare is estimated to be US\$4-5 per trip
from airport.
There are also night/air conditioning surcharges.

Exhibit Profile

Woodworking and Furniture Manufacturing Equipment

Bending machine, Bonding machine, Chipping machine, Clamping machine, CNC, Coating machine, Complete panel manufacturing plant, Computer-aided design (CAD) for furniture industry, Debarker, Dimension saw, Dowel forming and boring machine, Drilling and inserting machine, Dusting collecting equipment, Edge banding machine, Embossing machine, Engraving machine, Finger jointing machine, Flooring production line, Forestry equipment, Four side moulder, Frame saw, Heating system, Impregnation machine, Knife grinder, Laminating equipment, Membrane presses, Moulders, Painting, spraying & finishing equipment, Panel sawing machine, Polishing machine, Postforming equipment & line, PVC machine, Reciprocating saw, Router, Sanding machinery, Shaping unit, Sliding table saw, Smearing machine, Trimming machine, Turning machine, Vee-grooving machinery, Waste disposal equipment, Wood drying equipment, Wood-based panel machinery, etc.

Woodworking Material & Consumables

Abrasives, Adhesives, Coatings, Edge banding materials, Engineered wood, Finished, Lacquers, Laminates, MDF, Molded plywood, Panel products, Particle board, Plywood, Polishes, Sanding materials, Sanding paper, Sawn timber, Veneers, Wood composites, etc.

Related Products

Air compressor, Air filters, Chemical dosing equipment & systems, Detector, delam & blow, Dusting collecting equipment, Fire detection & protection equipment, Kiln, Material handling equipment, Moisture measuring equipment, Sensors, Testing & laboratory equipment, Waste disposal equipment, Wood waste heating, etc.

Tools

Hand tools, Handling equipment, Portable power tools, Tooling, Woodworking tools, etc.

CABINET VISION SOUTH EAST ASIA

Cabinet Vision

Go right from 3D presentations to manufacturing in moments. Cabinet Vision's S2M Center will generate NC code for the majority of CNC machines on the market.

DONGGUAN CHANGSHENG CUTTING TOOLS CO., LTD.

Strip steel; Bandsaw Blades for wood cutting/ CNC Machine/Food Processing
TCT Carbide bandsaw Blades for wood cutting
Bi-metal bandsaw blades for met

Our products are suitable for Woodworking factory, Furniture factory, Wood factory, CNC sawing machine, normal & hard woods processing, Food distribution enterprises, Meat freezer enterprises.

FENES S.A. - CUTTING TOOLS FACTORY

Horizontal bandsaw sawmill TTP-35

Max. log diameter: 700 mm; Max log length (on 6 meter bed): 4800 mm; Cutting speed: 30 - 35 m/s; Band saw blade width: 35 mm lub 40 mm; Band saw blade length: 4000

FOSHAN HOLYISO MACHINERY CO., LTD.

Edge banding machine

This machinery is applicable for the linear plane edge banding of medium density fiberboard(MDF), flake board, cabinet workboard, solid wood board and etc.The material of the edge can be ABS, PVC et

FOSHAN VYBA TOOLS CO., LTD.

TCT Circular Saw Blade

Full range (Standard/Premium/Industrial) TCT blades for cutting wood, MDF board, Aluminium, Copper, Bronze, Steel pipe and cast iron. Use C50, Mn65, 75Cr1, SKS-51 steel body and Original TCT teeth.

G.M.I. TIMBER& MACHINERY (LIAONING) LIMITED

Vacuum Timber Driers, Thermo Driers, Vacuum Press Driers

High-tech vacuum driers for drying both veneers as thin as 0.3mm and lumbers as thick as 200mm; 3-5 times faster than conventional driers. Also High Temperature Treatment Plants for carbonizing lumber.

GABON SPECIAL ECONOMIC ZONE (GSEZ) SA

WOODWORKING INDUSTRIAL HUB

Gabon SEZ is a woodworking industrial hub spread over 1,126 ha in Gabon, Africa and focused on sustainable production & processing of timber. Gabon has an exploitable timber stock of 400 million.

GAU JING MACHINERY INDUSTRIAL CO., LTD.

FOUR SIDE MOULDER & PLANER

Whether you produce complicated or simple profile moulding at high production rate, GAU JING GN series 4-side moulder offer unbeatable accuracy and productivity.

GOODTEK MACHINERY CO., LTD.

Double surface planer

The common characteristic of the products is: Heavy cut, high efficiency, suitable for producing huge amount of wood processing.

GUANGZHOU DEKOR KNIFE SAW CO., LTD.

TCT and PCD Saw Blade

Our products are widely used on artificial board, wood, aluminum alloy, non-ferrous metal, organic glass and plastic material. We also provide a complete solution and professional customized service.

HANGZHOU HAOTAI TOOLS CO., LTD.

1.HAOTAI 2.RUISHI

It has developed and produced medium and high-grade panel saw blades, broken aluminum saw blades, multi-blade saw blades, non-ferrous metal cutting saw blades and acrylic special saw blades.

HUAHUA WOODWORKING MACHINERY CO., LTD.

COMPUTER BEAM SAW, EDGE BANDING MACHINE, CNC BORING MACHINE

Max. Cutting thickness 120mm; Saw system and feeding system use Japan Mitsubishi servo motor drive.

JO-WAY MACHINERY CO., LTD.

STRAIGHT LINE RIP SAW

Jo-way provide wider range of the rip saw with different option to ensure customer convenient Quick and Precision operation. Welcome to visit our website: www.jo-way.com for inquiry.

JUAN NAN ENTERPRISE, LTD

PNEUMATIC WIND MILL TYPE CLAMP CARRIER

Model: ACP-10650-100M-PN, machine with 10 sections, every section 6pcs of clamps, working size 1270(L) x 2500(W) x 90(H) mm, drive motor: 1HP (0.75KW), panel flattener and air wrench tightener.

KUOHUNG MACHINERY DEVELOPMENT CO., LTD.

High Frequency Generator For Wood Bending (Apply on MDF, Veneer and Solid Wood)

High Frequency heating method is to directly soak the energy into the glue, could have curve-shaped wood formed in very short time during several minutes, by this way a top quality products was made.

LIH WOEI CARPENTRY MACHINE CO., LTD.

TWIN TABLE CNC MACHINE

Italy HSD high frequency spindle, drum type ATC, High intensity machine base, PC base CNC controller, Table size: (Customized size available). Please come to our booth for more information.

MICHAEL WEINIG ASIA PTE LTD.

Unimat 318

In the Unimat series from WEINIG, you are not only acquiring the latest technology, excellent user-friendliness and high productivity, you also benefit from a unique price-performance ratio.

PROBAND MACHINE CO., LTD.

MANUAL EDGE BANDING MACHINE EB-1E

Easy to handle various irregular profiles, complete models for choice and the banding thickness can reach 0.3 mm to 1.2mm; the width can stic from 8 mm to 50mm.

QINGDAO GLORY INDUSTRIAL MACHINERY AND EQUIPMENT CO., LTD.

EDGE BANDING MACHINE AND PLANER THICKNESSER.

The GE06D has basic functional units such as gluing and press, end cutting, trimming, scraping and buffing. A long list of options are available such as pre-milling, rough trimming.

Edge banding machine GE-06D

SHANGHAI ROCKY ADHESIVES CO., LTD.

hot melt adhesive and water based adhesive

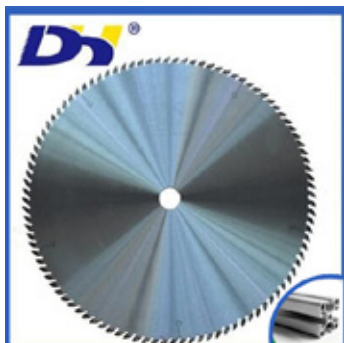

Established in 1995, it is one of the biggest manufacturers of hot melt adhesives in China. Up to now, it has two manufacturing plants in China and with an annual production capacity of 70,000 tons.

SHENZHEN DEHUI TECHNOLOGY CO., LTD.

DH

The aluminum alloy saw blade has a flat tooth shape, the saw blade base, the alloy cutter head and the sawtooth angle are designed for the aluminum cutting.

SHIJIAZHUANG JINYUNXIANG TECHNOLOGY CO., LTD.

Bush Walk

Brand Name: Bushwalk Model Number: 4.0x160x40-4T 6mm, Customized Application: Wood Cutting Product name: Wood Finger Joint Cutter Size: Customized Size Delivery time: Payment Item: Finger Jointer Cutter

THAILAND KARNCHANG CO., LTD.

Profile Cutters and Router Bits

MAKE TO ORDER Design for customers use CNC machine with Premium Quality Material in reasonable price.

TONG FONG CUTTERS CO., LTD.

HELICAL PLANER CUTTERS

Material: Light alloy body (aluminum) Suitable for four side moulder, copy shapers, spindle shapers Suitable material: solid wood, plywood, MDF. Special specifications are available as per custom's order.

TONG JERNG IRON FACTORY CO., LTD.

TJ-28-36TB HIGH-SPEED TABLE BAND SAWS

Product info Saw blade tension adjustment by a counter-balance weight providing accurate tension of saw blade. Cast iron saw wheel, precisely balanced for smooth and accurate cutting.

VACUFLEX GMBH

TPU Hose

Very light and extremely flexible hose with good tensile, abrasion strengths and ultimate elongation. Universal hose for woodworking - also in flame retardant and antistatic version available.

VIETNAM ABRASIVES CO., LTD.

SAIT (ABRASIVES) - BRIX (ABRASIVES)

All kind of abrasive paper, abrasives, clothes, polishing products for the use of Wood, MDF, Metal, Car, Leather, Musical instrument, industries. Including wide belt, narrow belt, disc, roll, sheets, and etc.

WEN CHIH MACHINERY INDUSTRIAL CO., LTD.

WFC3019&WHC3019 CNC Aggregate Heads

WFC3019&WHC3019 CNC aggregate heads developed by WEN CHIH are easy to operate and the feature is its varied angle. Able to replace expensive five-spindle processing machine.

WINTERSTEIGER SEA PTE LTD

DSB Compact 310, Single-module thin-cutting band saw.

The DSB Compact 310 is the entry model in the thin-cutting band saw product family and cuts with a kerf starting at 1.1 mm. With a cutting height of up to 160 mm and infinitely variable control of the feeding speed from 1 to 16 m/min, the thin-cutting band saw can handle wooden blocks up to a width of 310 mm.

WOOD-MIZER ASIA PTE LTD

LT15 Sawmill

Incredibly versatile, the LT15 sawmill is popular because of its high quality, wide capabilities, proven reputation, and affordability. Rural or commercial sawmills will get more from their timber!

YOKEN MACHINERY CO., LTD.

Band Saw Blade Sharpener

Use the worn saw blade after regrind to reduce the wear on the saw blade.

YOW CHERNG MACHINERY CO., LTD.

RECTANGULAR TENONER YRT-115 + OSCILLATION MOTIRSER YOM-120

YRT-115 is designed with two work tables for efficient operations, produces various tenons such as straight, miter, dovetail and T shape. YOM-120 is built with two work tables at front and back.

YU SHYANG MACHINE CO., LTD.

WIDE BELT PLANER SANDER

It is combined planning and sanding operations in one set. The extra large cutter-head is precision manufactured from alloy steel, precision ground and dynamically balance.

YUAN LUNG WOODEN MACHINE WORKS

SLIDING HEAD ROUTER

Working motor 5HP OR 3HP; Table size 765*495 mm; Table Tilt: 45°; Spindle stroke: 75mm; Spindle speeds: 10000/20000rpm

YUHUAN SHENG HONGFA N.C ENGRAVING EQUIPMENT CO., LTD.

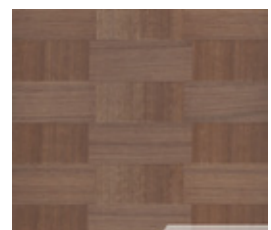

Wood Engraving Machine, Stone Engraving Machine, 3D scanner.

ZHEJIANG YUNFENG MOGANSHAN DECORATION AND CONSTRUCTION MATERIALS CO., LTD.

Moganshan

The standard size of veneer is 0.5mmx640mmx2500mm, but the thickness can be varied from 0.20 - 2.00mm, while the length and width can also be adjusted according to the customers' requests.

CUTES CORPORATION

High Performance Flux Vector Inverter

Booth: B158. Model: CTS-320 Miniaturization Multi-Functional Flux Vector Inverter. Standard: 220V 1-15HP; 380V 1-20HP. Length: 185-320mm. Width: 118-220mm. Depth: 156-169.5mm.

EAST UNITED LIMITED TAIWAN BRANCH (H.K.)

End Mills

We export and supply our products worldwide covering more than 40 major industrial countries including China, Japan, Malaysia, Thailand, USA, India, Middle East, South Africa and Europe.

GOUSHIN MACHINERY TOOLS CO., LTD.

MCV-1680

Double Column Machining Center, Vertical CNC Machining Center, CNC Lathe, High Speed Tapping Center, CNC Rotary Table.

MIYANACH IND. CO., LTD.

Portable Magnetic Base drilling Machine, TCT Annular Cutter and Hole Saws

We are an ISO 9001:2008 and CE certificated company, manufactures portable magnetic base drilling machines and wide range of tungsten carbide tipped hole saws, annular cutters, for drilling purpose.

SPECTRO

Stationary & Mobile Metal Analyzer, XRF SPECTROMETERS, ICP-OES SPECTROMETERS

Used for applications in metal elemental analysis, environmental analysis and trace element analysis.

SUNDELAND & OCEAN INC.

Overhead Crane Systems

Providing high-quality overhead crane systems to serve customers' various applications including : E. Chain Hoist, E. Wire Rope Hoist, Manual Equipment and End Carriage.

TAIWAN HOIST AND CRANE CO., LTD.

Electrical Wire Rope Hoist

Inverter 3-Speed Control system, Galvanized Wire Rope, Magnetic D/C Brake, Overload protection, rotary limit sensor. epoxy painting.

TAIWAN PRECISION GEAR CORP.

TPG F Series Hypoid gear motor

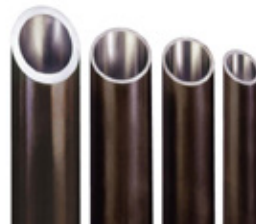

TPG F Series Hypoid gear motor has less consumption lose, which can reach higher efficiency to 85-90%. Horse Power : 0.1KW to 5.5KW Ratio : 1:5 up to 1:240 Output : 20, 25, 30, 35, 45, 55.

YEE YOUNG INDUSTRIAL CO., LTD.

Cylinder Tube

Applies to hydraulic cylinders tube, pneumatic cylinders tube, forklift, crane, excavator, punching machine, and other kinds of labor-saving automatic mechanical engineering.
